THIS IS THE HEALTH AND SAFETY STATEMENT OF

St. Martin's C of E VA Primary School

Our statement of intent is:

- Implement the requirements of NYCC's Health and Safety Policy;
- to make adequate arrangements for the health, safety and welfare of staff and pupils;
- to provide adequate control of health and safety risks arising from our work activities;
- to consult with our employees on matters affecting their health and safety;
- co-operate with the LEA in matters related to health and safety;
- to provide and maintain safe plant and equipment;
- to ensure safe handling and use of substances;
- to provide information, instruction, and supervision for employees;
- to ensure all employees are competent to do their tasks, and to give them adequate training;
- to prevent accidents and cases of work-related ill health;
- to maintain safe and healthy working conditions; and
- to review and revise this policy as necessary at regular intervals.

HEALTH AND SAFETY POLICY

RESPONSIBILITIES		
Overall responsibility for health and safety within the school is that of:	NOTE	
Mrs Claire Barber (Head Teacher) Mr Mike Taylor (Governor) Day to day responsibility for ensuring this policy is put into practice is delegated to:	Insert the name of the Headteacher and the Chair of Governors, (or the Governor with responsibility for health and safety).	
Mrs Claire Barber (Head Teacher) Mrs. Karen Plumpton (Deputy Head Teacher)	If the Headteacher is not always there, or does not have time to manage on a day-to- day basis, you can delegate this role to someone else, e.g. Deputy Headteacher, Head of Year, Premises Officer etc. Ensure that the person with overall responsibility is kept informed of health and safety matters – it will still be their overall	

responsibility

To ensure health and safety standards are maintained/improved, the following people have responsibility in the following areas:

Name: Mrs Claire Barber Mrs. Karen Plumpton Responsibility:	Delegate functions to people within your organisation either by specific areas within the workplace or by topic. Include their specific responsibilities in their job descriptions (if they have one).
Mr Mike Taylor	Ensure that they are competent to
Health & Safety Governor	undertake their health and safety responsibilities and have adequate resources to enable them to do their job properly.
	It is important that responsibilities are clearly set out – this will make sure that if there are any health and safety concerns they can be reported to the right person, so they can be dealt with.
	You may wish to insert a diagram or chart showing your management structure/arrangements.

Specific responsibilities for head teachers, managers, heads of departments and staff can be found in the NYCC Corporate Health and Safety Policy which can be found in:

NYCC CYPS H and S Policy and Guidance handbook in the school office.

All employees have to:

- co-operate with supervisors and managers on health and safety matters;
- not interfere with anything provided to safeguard their health and safety;
- take reasonable care of their own health and safety and of others; and
- report all health and safety concerns to an appropriate person (as detailed in this policy statement).

Employees have legal responsibilities to take care of the health and safety of themselves and others, and to co-operate with management to help comply with the law.

Equally, if employees have any concerns over health and safety issues, they should be clear about whom they should tell, so that concerns can be addressed.

Risk assessments will be undertaken by:	NOTE You must assess risks to the health and safety of anyone who may be affected by your work activities, so that you can weigh up whether you have done enough or need to do more to comply with the law.	
All staff as applicable.		
The findings of the risk assessments will be reported to:	You will find some examples of key areas that you should consider, at the end of this guidance.	
All staff	You will need to involve a number of different people including your safety representatives and employees, to do the risk assessments.	
Action required to remove/control risks will be approved by:	You will need to record the significant findings o your risk assessments in a separate document. Your policy statement only records your	
Mrs Claire Barber	arrangements for ensuring the assessments are done, and are kept up to date.	
The person responsible for ensuring the action required is implemented is	Once you have done your risk assessments, you must take the necessary action to remove or reduce the risk as far as is reasonably practicable.	
Mrs Claire Barber	You can find more guidance in HSE's free leaflets for example:	
Checks that the implemented actions have removed/reduced the risks will be carried out by:	 Five steps to risk assessment INDG163 (rev1) 1998 A guide to risk assessment requirements: Common provisions in health and safety law INDG218 1996

ACCIDENTS, INCIDENTS, FIRST AID AND WORK-RELATED ILL HEALTH

Health surveillance is required for employees doing the following jobs:

Display screen assessments for computer operative.

Health surveillance will be arranged by:

Mrs Claire Barber Headteacher NYCC Occupational health dept.

Health surveillance records will be kept:

In Health & Safety Document Management file

The first aid box(es) are kept at: Office Staffroom EYFS

The appointed person(s)/first aider(s) is/are

Full 3 day 1st Aid at work qualification-Mrs Amy Pickles and Mrs Helen Newton Paediatric first aid- Elaine Shortle, Chris Taylor. To be trained on 16.1.23/17.1.23-Lauren Nicholson, Maggie Seeley, Nicola Johnson and Sue Rosser Basic Emergency first aid- Sue Walker, Janet Shipley, Laura Gildea, Maggie Seeley, Graeme Mellor, Fiona Murray, Georgia Jackson, Taisa Fenton, Michelle Totten, Michelle Capper, Viv Brewster

All accidents and cases of workrelated ill health are to be recorded in the accident book. The book is kept In the staffroom.

NOTE

Employees must receive health surveillance for certain work (e.g. work with lead, chrome, asbestos, noise, isocyanates and some chemicals). This will identify any health problems early on so that action can be taken before an employee's condition worsens.

 Refer to NYCC Occupational Health -01609 785780

Your COSHH assessments should identify all areas and the type of health surveillance needed.

Your records should contain details of the employees, the health surveillance procedures, dates and conclusions. The health care professional doing the surveillance will hold the actual medical records, as these are confidential.

Providing immediate first aid can prevent minor injuries becoming major ones.

As a minimum you must have a first aid box and an appointed person to take charge of first aid requirements. You can find more information in HSE's free leaflets:

- First aid at work your questions answered INDG214 1997
- Basic advice on first aid at work INDG215 (rev) 1997.

Recording accidents (even minor ones) means you can see whether you have a problem in a particular area

You must report accidents to:

CYPS Health and Safety 01609 532589.

Follow the procedures outlined in the CYPS Health and Safety Policy and Guidance Manual.

The person responsible for reporting accidents, diseases and dangerous occurrences to the NYCC Education Health and Safety section is:

Mrs Claire Barber Headteacher

MONITORING

NOTE

To check our working conditions, and ensure our safe working practices are being followed, we will undertake:

Legionnella testing Asbestos inspection Termly Visual H & S inspection School Hands Service Inspection PAT testing Fixed appliance electrical testing Extraction fans maintenance JACOBS Premises inspection Prioritised programme of risk assessment Boiler room annual inspection Gulleys and Gutters checked and cleaned Pest control Sports and Gym equipment maintenance You must be able to show that you are checking working conditions and systems of work, i.e. that you are monitoring health and safety.

You can do this both actively and reactively, i.e. before and after something goes wrong.

Actively - you or other appointed person can carry out inspections, have reports submitted to you by managers, do spot check visits, safety representative inspections, etc.

Trade union safety reps have the right to carry out inspections and investigate accidents.

Reactively - you can investigate any accidents or sickness absences that occur.

The person responsible for investigating accidents is:

Mrs Claire Barber Headteacher	
The person responsible for investigating work-related causes of sickness absences is:	Investigating accidents is a useful way of reviewing your safety systems – ask yourself why the accident really happened and what you can do to stop it happening again.

ASBESTOS RISK MANAGEMENT

NOTE

The Responsible Officer for asbestos management is:

Mrs Claire Barber Headteacher

The Asbestos Risk Management file is kept in:

The office.

Site plans showing the location of asbestos containing materials (ACM's) are kept in:

The office.

Ensuring that contractors are made aware of the location of ACM's and that they sign the relevant permit to work is the responsibility of:

Mrs Claire Barber Headteacher Mrs Amy Pickles Secretary Mrs Helen Newton Secretary

Asbestos risk assessments will be undertaken by:

Mrs Claire Barber Headteacher

Visual inspections of the condition of ACM's will be undertaken by:

Mrs Carol Rennie Caretaker Signed off by Mrs Claire Barber Headteacher

Records of the above inspections will be kept in:

Responsible Officer - All schools must have a Responsible Officer to oversee the management of asbestos risk. This will usually be the Headteacher.

Policy and Procedure - The yellow 'Asbestos Risk Management' file outlines NYCC policies and procedures for managing of risk arising from asbestos containing materials (ACM's)

Surveys - A type two survey of the premises should be available, with the location of ACM's identified on a site plan.

A type three survey must be undertaken before any invasive construction/demolition work commences, unless it is absolutely certain that no ACM's are present in the work area.

Contractors - The location of ACM's indicated on the plan must be brought to the attention of all contractors coming on site. The permit to work confirming this fact must be completed by the contractor before work commences.

Risk Assessment and Inspection - A risk assessment must be undertaken for all known ACM's. The level of risk will depend on the type of material, its location and its condition. Using the algorithm attached to the survey a visual inspection programme of ACM's must be set up. The risk assessment will help you to establish the necessary frequency of visual inspections.

Emergency Action - The 'Asbestos Emergency Action Plan' should be readily available and brought to the attention of all staff.
